Subject: Microsoft Settlement

I wish to strongly voice my support for the pending DOJ-Microsoft settlement. I have been a user of Microsoft software for over 16 years, since the first edition of the Windows OS.

In 1991, my family--myself, wife, sons and daughters and in-laws--decided to standardize on the MS tools since we had wasted so much on ineffective SW alternatives. We have experienced an enormous level of satisfaction as a result of that decision and have been frustrated by the constant level of anti-Microsoft press we are forced to witness. None of us have any Microsoft stock so there are no self interests involved except the confidence in the high level of quality provided by using the Microsoft suite of products.

Please do not give in to the barrage of negative opinions offered constantly in so many trade magazines. From our decade of experience, it is simply inconceivable to consider that the DOJ-Microsoft is not in the best interests of my family.

Sincerely,

Dr. Charles R. Davis
